ORGANIZING FOR A DRY TOWN

Deputy County Clerk John V. Bluth has been granted a furlough from duty until July 1, to give him an opportunity to look after the secretaryship of the Ogden Betterment League, which has taken on itself the fight for the "dry" in the impending prohibition campaign.

Headquarters for the League have not been selected, but it is anticipated that a vacant building on Washington avenue, a few doors south of the Utah National Bank, will be leased for that purpose. The executive committee of the League met last evening and decided to open headquarters at an early date. So far there has been no organized movement on the part of the anti-prohibition side of the controversy in the interests of the campaign, but it is stated by some of the business interests of the city that an organization will be perfected next week and a vigorous effort made to keep the city wet.

THEY NEVER FAIL.

That is What They Say About Them in Ogden, and It is, Therefore, Reliable.

J. H. Winslow, 2146 Monroe St., Ogden, Utah, says: "If I had known of Doan's Kidney Pills sooner, I would have been spared a great deal of suffering. For about five years I went through all the tortures of kidney complaint and sometimes was so bad off that I was obliged to use two canes in getting about. My back ached severely, and I could not move about without having twinges through my loins. There were many symptoms that my kidneys were disordered, the chief one being a heavy sediment in the kidney secretions. I could not rest day or night and was miserable in every way when I procured Doan's Kidney Pills from BADCON'S PHARMACY. It was gratifying to have them help me, after I had tried so many other remedies without being benefited. Doan's Kidney Pills took hold of my trouble from the first and in a remarkably short time I was relieved. I cannot find words to express my high opinion of this preparation." (Statement given July 28, 1905.)

THE CURE LASTED.

Mr. Winslow was interviewed on July 28, 1909, and he said: "I can still recommend Doan's Kidney Pills, for they effected a permanent cure. The statement I have previously given in their favor still holds good."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

CITIZENSHIP PAPERS ARE DENIED

In Judge Harris' division of the district court this morning Arthur Mitchell, Greek, Walter Blake, English and Leonard Berghout, Holland, were examined on their applications for citizenship papers. The two latter were granted their papers, but the former was advised to take up a study of the constitution of the United States and prepare for an examination at the next term of court. Mitchell had read the constitution, he said, but he was not very familiar with the fundamental principles of our government. He could not state the number of senators each state is entitled to in the United States congress, nor could he name the senators representing Utah.

ENLARGING THE GAS PLANT

Manager Frank Kibler of the Utah Light & Railway company states that the work of doubling the capacity of the gas plant in the city is nearing the end, and that within thirty days the company will be prepared to supply the increased demand for gas.

The expenditure on the plant will reach the \$50,000 mark, and, perhaps, more, and it means, says the manager, that the plant will be second to none in point of equipment. Two benches are being constructed, each containing six retorts and they will supply 1,125,000 cubic feet of gas each month. The foundations for the extended plant are completed and the brick work on the benches will begin within the next day or two.

The extension of fifteen blocks of gas mains is in progress, there being as many men at work on them as it is possible to use. These new mains extend east from Washington avenue, between Twenty-second and Twenty-eighth streets, and on Twenty-seventh street, between Washington and Wall avenues. The extension of the mains and the enlargement of the plant, Mr. Kibler says, have been made imperative because of the increased demand during the past year, in Ogden, for gas for heating and cooking purposes.

WIDOW SUES FOR HEAVY DAMAGES

Mrs. Pearl H. Lockhead and her minor children, Pearl E. Jessie and Ruth Lockhead, have commenced suit in the district court against Jacob Jensen for \$20,325 damages and funeral expenses, for the killing of William S. Lockhead, husband and father of the plaintiffs.

The complaint alleges that on September 1, 1910, the defendant invited Mr. Lockhead to take a ride with him in an automobile and that Mr. Lockhead accepted. Mr. Jensen drove the machine in the direction of the Utah Hot Springs, the complaint says, in a furious and careless manner. At a point near Pleasant View, it is alleged the machine turned turtle on the highway and Mr. Lockhead was thrown violently to the ground, the machine passing over his body, killing him almost instantly. The plaintiffs claim \$20,000 damages for the death of the deceased and \$325 funeral expenses.

In Judge Harris' court this morning, Mrs. Lockhead was appointed guardian ad litem for the minor children for the purpose of this suit, it being stated in the petition for letters of guardianship that the children were interested in the suit and required the assistance of a legal guardian.

Orrine for Whiskey and Beer Habit

Orrine is the standard remedy and is everywhere recognized as the most successful and reliable home treatment for the "Drink Habit." It is highly praised by thousands of women, because it has restored their loved ones to lives of sobriety and usefulness, and the weekly wages which at one time were spent for "Drink" are now used to purchase the necessities and many comforts of home. Any wife or mother who wants to save her husband or son from "Drink" will be glad to know that she can purchase ORRINE from BADCON PHARMACY, and if no benefit is obtained after a trial, we will refund the money.

ORRINE is prepared in two forms, No. 1, secret treatment, a powder, absolutely tasteless and odorless, given secretly in food or drink. ORRINE No. 2, in pill form, is for those who desire to take voluntary treatment. ORRINE costs only \$1.00 a box. Write for Free Orrine Booklet (mailed in plain sealed envelope) to ORRINE CO., 686 Orrine Building, Washington, D. C. ORRINE is recommended and is for sale in this city by BADCON PHARMACY, 2421 Wash.

FAIRPLAY FOR BABIES

When your little one is ailing, don't stop its cry of pain with opiates or other injurious drugs. Give it a chance for its life and future vigor. The old-fashioned CHILDREN'S PANACEA of The Graefenberg Co. is a simple vegetable preparation which corrects deranged conditions in the delicate digestive organs of children, but leaves no harmful after-effects for your life-long regret. All Druggists

A transcript of the testimony in the Clore-O'Hara preliminary hearing was received this morning by Police Judge J. D. Murphy from the official stenographer of the district court of Salt Lake City, who reported the city court proceedings about ten days ago.

The copy of the testimony is in book form and contains 447 pages. Judge Murphy now has five days in which to review the stories of the various witnesses introduced in the case. Granting that he takes the entire time allowed he would give his decision Saturday. He has not yet announced when he will pass upon the case.

WORK TRAIN AND HIGH WIND

For the past forty-eight hours a wind, ranging in velocity from 20 to 50 miles per hour, has been sweeping the lake, and, while no particular damage has been reported from any point on the Ogden-Lucan cut-off, work trains have been sent out to unload more rock at different points.

During the past twenty-four hours the wind has not reached a velocity exceeding 32 miles per hour and no delay to trains has been occasioned. At many points along the line the waves have washed out rocks from the sides of the banks, narrowing the fill so that it was considered expedient by Division Superintendent T. F. Rowlands, who inspected the cut-off yesterday, to order out the work trains.

Two trains are now at work hauling rock from Lakeside and about thirty men are engaged in loading the stone at the quarries to be dumped along the fill. The work will be continued for about a week.
